References marked with an asterisk (*) are those which are available for loan in the Fort Detrick Technical Library. This bibliography is being kept up to date by a file of current references which is available in the Library.

This bibliography is composed of selected references covering the years 1940 to September 1957. Sources of the references were: Biological Abstracts; Bulletin of Hygiene; Current List of Medical Literature; Excerpta Medica, Section IV; Quarterly Cumulative Index Medicus; and the Veterinary Bulletin.

Many more cases are cited in Zentralblatt fuer Bakteriologie, Parasitenkunde, Infektionskrankheiten und Hygiene. Abt. I. Referate, for this period.
